CONTENTS OF VOLUME XXV

Number 1

page

THE RELATION BETWEEN MYOCARDIAL LESIONS AND CORONARY ARTERY DISEASE. II. A SELECTED GROUP OF PATIENTS WITH MASSIVE CARDIAC NECROSIS OR SCARRING
By J. R. A. Mitchell and C. J. Schwartz 1

MYOCARDIAL INFARCTION IN SOUTHERN RHODESIA By J. Charles Shee 25

EFFECT OF TREATMENT OF HYPOTHYROIDISM ON CIRCULATORY RESPONSE TO ADRENALINE
By David Leak and Margin Lew 30

HÆMODYNAMIC CHANGES IN CHRONIC CONSTRICTIVE PERICARDITIS DURING EXERCISE AND HISTAMINE INFUSION By S.-E. Lindell, A. Svanborg, B. Söderholm, and H. Westling 35

P WAVE DURATION AND P–R INTERVAL DURING FIRST WEEK OF LIFE By S. Zoe Walsh 42

EFFECT OF INTERMITTENT POSITIVE PRESSURE BREATHING ON PULMONARY CIRCULATION IN EMPHYSEMA
By J. J. Daly and R. S. Duff 47

THE CAROTID PULSE. I. DIAGNOSIS OF AORTIC STENOSIS BY EXTERNAL RECORDINGS
By Brian Robinson 51

THE CAROTID PULSE. II. RELATION OF EXTERNAL RECORDINGS TO CAROTID, AORTIC, AND BRACHIAL PULSES
By Brian Robinson 61

THE EFFECT OF POSTURE ON ADDED HEART SOUNDS By Philip Rodin and Bernard Tabatznik 69

THE EFFECTS OF EMETINE ON THE MYOCARDIUM By Peter P. Turner 81

MECHANISM OF ŒDEMA IN CHRONIC SEVERE ANÆMIA
By L. M. Sanghvi, V. S. Sharma, and G. Mansharamani 89

THE ARTERIAL PRESSURE PULSE IN MUSCULAR SUBAORTIC STENOSIS By E. Douglas Wigle 97

THEORETICAL EFFECT OF A PORTION OF ELECTRICALLY DEAD TISSUE IN THE LEFT VENTRICULAR WALL
By J. Grosgurin and P. W. Duchosal 106

ARTERIAL PATTERNS IN MITRAL STENOSIS By Clive P. Aber, John A. Campbell, and John Meecham 109

VALVOTOMY IN MITRAL STENOSIS WITH EXTREME PULMONARY VASCULAR RESISTANCE
By Richard Emanuel 119

CIGARETTE SMOKING AND CARDIAC OUTPUT By David W. Irving and T. Yamamoto 126

FAILURE OF INHIBITION OF CHOLESTEROL BIOSYNTHESIS TO RETARD ATHEROMA
By Anthony D. Jose and Howard J. Peak 133

CASE REPORTS 137

Number 2

RETROGRADE LEFT VENTRICULAR CARDIOANGIOGRAPHY IN THE DIAGNOSIS OF MITRAL REGURGITATION
By I. R. Gray, C. S. Joshipura, and J. Mackinnon 145

PRIMARY ARTERITIS OF AORTA CAUSING RENAL ARTERY STENOSIS AND HYPERTENSION
By T. J. Danaraj, H. O. Wong, and M. A. Thomas 153

ELECTROLYTE CONTENT OF EXTRACELLULAR FLUID IN HEALTH AND IN CONGESTIVE HEART FAILURE
By C. T. G. Flear and Pat Hughes 166

AN AMPEROMETRIC TECHNIQUE FOR RECORDING ASCORBATE DILUTION CURVES AND BLOOD FLOW PULSES By P. G. F. Nixon, G. A. Hay, F. Hepburn, H. M. Snow, and R. Addyman 173

VENTRICULAR ENDOMYOCARDIAL CHANGES AFTER IMPAIRMENT OF CARDIAC LYMPH FLOW IN DOGS
By A. J. Miller, Ruth Pick, and L. N. Katz 182

INDICATOR DILUTION CURVES IN ATRIAL SEPTAL DEFECT
By P. Samet, W. H. Bernstein, L. Silverman, and C. Kramer 191

THE P WAVE IN ATRIAL SEPTAL DEFECT By A. Sánchez-Cascos and Dennis Deuchar 202

PROGNOSIS OF TRANSPOSITION OF THE GREAT VESSELS WITH AND WITHOUT ATRIAL SEPTAL DEFECT
By Reda M. Shaher 211

PHASIC ABERRANT VENTRICULAR CONDUCTION By L. Schamroth and E. Chesler 219

HÆMODYNAMIC BASIS OF ACUTE PRESSOR REACTIONS AND HYPERTENSION By Jan Brod 227

THE APEX CARDIOGRAM IN THE STUDY OF THE 2-OS INTERVAL
By J. F. Legler, A. Benchimol, and E. Grey Dimond 246

ANOMALOUS LEFT CORONARY ARTERY ARISING FROM THE PULMONARY ARTERY
By A. G. Jameson, K. Ellis, and O. R. Levine 251

Number 2—(*continued*) page

Vasomotor Tone in the Pulmonary Vascular Bed in Patients with Left-to-right Shunts
By P. A. M. Auld, J. E. Gibbons, and M. McGregor 257
The Fourth World Congress of Cardiology By Hamish Watson 262
Case Reports 264

Number 3

Polyuria in Paroxysmal Tachycardia and Paroxysmal Atrial Flutter and Fibrillation
By Paul Wood 273
Ischæmic Heart Disease in India By R. Jal Vakil 283
Electrocardiographic Changes at High Altitude By J. S. Milledge 291
Synchronicity of Ventricular Contraction: Observations Comparing Hæmodynamic Effects of Atrial and Ventricular Pacing
By J. P. Gilmore, S. J. Sarnoff, J. H. Mitchell, and R. J. Linden 299
Evaluation of a Dynamic Method for Calibration of Dye Dilution Curves
By Richard Emanuel and John Norman 308
The Diagnosis of Corrected Transposition of the Great Vessels By M. Honey 313
Complications of Cardiac Investigation By A. W. Venables and H. G. Hiller 334
The Effect of Reserpine in Coarctation of Aorta By A. Actis-Dato and E. De Giorgi 343
The Pressure Wave Form in the Pulmonary Artery By David B. Shaw 347
The Electrocardiogram in Cardiomyopathy By R. M. Hollister and J. F. Goodwin 357
Angiographic Evidence of Pulmonary Vasomotion in the Dog
By Jim C. Hirschman and Robert J. Boucek 375
Left Ventricular Filling Pressure Gradient in Mitral Incompetence
By P. G. F. Nixon and G. H. Wooler 382
Correlation of Intracardiac Pressure and Præcordial Movement in Ischæmic Heart Disease
By E. G. Dimond and A. Benchimol 389
Phases of Diastole in Various Syndromes of Mitral Valvular Disease
By P. G. F. Nixon and G. H. Wooler 393
Aortic Atresia By R. L. Luna, G. M. Santos, and M. A. Sznejder 405
Case Report 412

Number 3

Surgical Correction of Mitral Incompetence Resulting from Bacterial Endocarditis
By B. G. Barratt-Boyes 415
Factors Associated with Cardiac Enlargement in Myxœdema
By C. P. Aber and G. S. Thompson 421
The Relation Between Cardiac Output and Body Size
By W. Jegier, P. Sekelj, P. A. M. Auld, R. Simpson, and M. McGregor 425
The Syndromes of Corrected Transposition of the Great Vessels By Reda M. Shaher 431
The Electrocardiogram in the Normal Infant By Olive Scott and Doris Franklin 441
Auscultatory and Phonocardiographic Findings in Healthy Children with Systolic Murmurs
By A. Leatham, B. Segal, and H. Shafter 451
Effect of Hypertension on the P Wave of the Electrocardiogram By G. Ross 460
The Electrocardiogram in Single Ventricle By Reda M. Shaher 465
The Cardiogram of Mitral Restenosis By H. Demerdash and J. F. Goodwin 474
The Coronary Circulation in Complete Transposition of the Great Vessels
By Reda M. Shaher 481
Pulmonary Atresia with Intact Ventricular Septum
By L. P. Elliott, P. Adams, Jr., and J. E. Edwards 489
Intracardiac Thrombosis and Embolism in Endomyocardial Fibrosis in Uganda
By A. G. Shaper and D. H. Wright 502
The Pulmonary Component of the Second Heart Sound in Fallot's Tetralogy
By O. B. Tofler 509
Electrocardiographic Studies in Patients with an Artificial Pacemaker
By B. W. Johansson, J. Karnell, A. Malm, J. Sievers, and J. Swedberg 514

Number 4—*(continued)* page

Amyl Nitrite Induced Changes in Cardiac Shunts By Gordon R. Cumming 525
Case Reports 532

Number 5

Direct Recording of Sounds and Pressures Within the Heart
By D. W. Barritt and D. H. Davies 549
Electrocardiographic Observations During and After Anoxic Arrest for Open-heart Surgery
By Rhagavan Amarasingham, Armand A. Lefemine, Eduardo Salazar, and Harold D. Levine 560
Abnormal P Waves and Paroxysmal Tachycardia By L. G. Davies and I. P. Ross 570
Clinical Experience with Radiological Determination of Heart Volume
By J. G. Domenet, D. W. Evans, and F. H. Howarth 575
Right Ventricular Hypertrophy and the Small Pulmonary Arteries in Chronic Lung Disease
By W. R. L. James and A. J. Thomas 583
Effects of Calcium Chelation on Digitalis-induced Cardiac Arrhythmias
By Paul Szekely and N. A. Wynne 589
The Prognosis of Atrial Fibrillation Following Mitral Valvotomy By V. R. Bloom 595
Influence of Age, Sex, and Body Habitus on the Mean QRS Electrical Axis in Childhood and Adolescence By Julie M. Wershing and Colin H. M. Walker 601
The Middle Aortic Syndrome By P. K. Sen, S. G. Kinare, S. D. Engineer, and G. B. Parulkar 610
The Function of the Heart in Endomyocardial Fibrosis of the Right Ventricle
By E. H. O. Parry and D. Gordon Abrahams 619
Mechanism of Post-stimulatory Atrial Flutter in the Dog By P. L. Sharma 630
Dilatation of the Left Atrial Appendage By W. G. Williams 637
Technique and Interpretation of Selective Coronary Arteriography in Man
By George Hale and Keith Jefferson 644
Radiological Aspects of Pulmonary Atresia with Intact Ventricular Septum
By Stephen A. Kieffer and Lewis S. Carey 655
A Clinical Survey of 20 Patients Submitted to Aortic Valvuloplasty
By R. F. P. Cronin, E. A. S. Reid, H. J. Scott, and A. R. C. Dobell 663
Hæmodynamic Studies with Methyldopa: Effect on Cardiac Output and Response to Pressor Amines By C. T. Dollery, M. Harington, and J. V. Hodge 670
Calorimetric Study of the Digital Blood Flow in Clubbed Fingers By Morsi M. Arab 677
Endomyocardial Fibrosis in Two Brothers By F. C. Adi 684
Polyuria in Paroxysmal Tachycardia and Paroxysmal Atrial Flutter and Fibrillation
By Paul Wood 689
Proceedings of the British Cardiac Society 691

Number 6

The Apex Cardiogram: Its Normal Features Explained by Those Found in Heart Disease
By N. Coulshed and E. J. Epstein 697
Prednisone in the Treatment of Adams-Stokes Attacks
By D. Verel, S. J. Mazurkie, and F. Rahman 709
Cardiographic Contrecoup in the Course of Cardiac Infarction By William Evans 713
Left Ventricular Preponderance and Left Axis Deviation in Cyanotic Congenital Heart Disease By Reda M. Shaher 726
Unusual Longevity in Fallot's Tetralogy and Pseudotruncus Arteriosus
By P. Bopp, J. Rast, and P. W. Duchosal 735
Pulmonary Diffusing Capacity in Mitral Valve Disease By J. M. Reid and J. G. Stevenson 741
The Sounds and Murmurs in Transposition of the Great Vessels By Bertrand Wells 748
The Association of Type B Ventricular Pre-excitation and Right Bundle-branch Block
By P. G. C. Robertson, D. Emslie-Smith, K. G. Lowe, and Hamish Watson 755
The Clinical Pathology of Rheumatic Mitral Endocarditis By J. C. van der Spuy 763
Experimental Pulmonary Hypertension By A. van Bogaert and R. Tosetti 771

Number 6—(*continued*)

SUBJECT INDEX

1963, Volume XXV

Acid, ascorbic, dilution curves, *see* Curves
Adams-Stokes attack, prednisone treatment (Verel *et al.*). 709, 693, *P.*
Adrenaline, effect of treatment of hypothyroidism on circulatory response to (Leak & Lew). 30
Age, sex, and body habitus, influence on mean QRS electrical axis, in childhood and adolescence (Wershing *et al.*). 601
Altitude, high, electrocardiographic changes at (Milledge). 291
Amines, pressor, and methyldopa (Dollery *et al.*). 670
Amperometric technique for recording ascorbate dilution curves and blood flow pulses (Nixon *et al.*). 173
Amyl nitrite induced changes in cardiac shunts (Cumming). 525
Anæmia, chronic severe, mechanism of œdema in (Sanghvi *et al.*). 89
Androsterone, with ethyl-p-chlorophenoxy-isobutyrate ("atromid"), effect on ischæmic heart disease (Carson *et al.*). 693, *P.*
Angiography, and transseptal left heart catheterization (Fleming *et al.*). 693, *P.*
Angiocardiography, *see also* Cine-angiocardiography
Anoxic arrest, *see* Cardioplegia, anoxic
Anticoagulants, and long-term survival after cardiac infarction (Jackson). 696, *P.*
Aorta, dissection, complete healing, death from phlegmonous colitis: case report (Kellaway). 532
—— middle aortic syndrome (Sen *et al.*). 610
—— primary arteritis, causing renal artery stenosis and hypertension (Danaraj *et al.*). 153
Aorta, *see also* Vessels, great
Apex cardiogram, *see* Cardiogram
Appendage, atrial, left, dilatation (Williams). 637
Arrhythmias, cardiac, digitalis-induced, effects of calcium chelation (Szekely & Wynne). 589
Arteritis, primary, of aorta, causing renal artery stenosis and hypertension (Danaraj *et al.*). 153
Artery(ies), coronary, left anomalous, arising from pulmonary artery (Jameson *et al.*). 251
—— —— disease, and myocardial lesions, relation between, patients with massive cardiac necrosis or scarring (Mitchell & Schwartz). 1
—— pulmonary, anomalous left coronary artery arising from (Jameson *et al.*). 251
—— —— pressure wave form (Shaw). 347
—— —— small, in chronic lung disease, and right ventricular hypertrophy (James & Thomas). 583
—— —— vasomotion, angiography, dogs (Hirschman & Boucek). 375
Arteriography, coronary, selective, technique and interpretation in man (Hale & Jefferson). 644
Atheroma, failure of inhibition of cholesterol biosynthesis to retard (Jose & Peak). 133
Atresia, aortic (Luna *et al.*). 405
pulmonary, with intact ventricular septum (Elliott *et al.*). 489; case report (Egenberg). 540; radiological aspects (Kieffer & Carey). 655
Atrial, *see* specific headings, e.g., Fibrillation
Atrium, left, isolated drainage of inferior vena cava to, case report (Venables). 545
"Atromid", *see* Androsterone
Auscultation, in healthy children with systolic murmurs (Leatham *et al.*). 451
Axis, QRS electrical, mean, influence of age, sex, and body habitus in childhood and adolescence (Wershing *et al.*). 601
Azygos system, bilateral, with persistent left superior vena cava, adult: case report (Glasgow). 264

Block, bundle-branch, right, and type B ventricular pre-excitation, association (Robertson *et al.*). 755
Blood flow, *see* Flow
Body build, *see* Habitus, body
Breathing, intermittent positive pressure, effect on pulmonary circulation in emphysema (Daly & Duff). 47

Calcium chelation, *see* Chelation
Capacity, pulmonary diffusing, in mitral valve disease (Reid & Stevenson). 741
Cardioangiography, retrograde left ventricular, in diagnosis of mitral regurgitation (Gray *et al.*). 145
Cardiogram, apex, its normal features explained by those seen in heart disease (Coulshed & Epstein). 697
—— —— in the study of 2-OS interval (Legler *et al.*). 246

Cardiology, Fourth European Congress, announcement. 696, *P.*
—— Fourth World Congress (Watson). 262
Cardiomyopathy, electrocardiogram in (Hollister & Goodwin). 357
—— obstructive, hæmodynamics (Cohen *et al.*). 694, *P.*
Cardioplegia, anoxic, for open-heart surgery, electrocardiography (Amarasingham *et al.*). 560
Catheterization, cardiac, complications (Venables & Hiller). 334
—— transseptal left heart, and angiocardiography (Fleming *et al.*). 693, *P.*
Chelation, calcium, effects on digitalis-induced cardiac arrhythmias (Szekely & Wynne). 589
Cholesterol biosynthesis, inhibition, failure to retard atheroma (Jose & Peak). 133
—— crystals, massive pericardial effusion containing, treated by pericardectomy: case report (Griffin & Swan). 825
Cine-angiocardiography, simultaneous bi-plane selective (Pickard *et al.*). 693, *P.*
Circulation, coronary, in complete transposition of the great vessels (Shaher). 481
—— pulmonary, effect of intermittent positive pressure breathing on in emphysema (Daly & Duff). 47
—— response to adrenaline in treatment of hypothyroidism (Leak & Lew). 30
Closure, pulmonary valve, additional sounds caused by the catheter and demonstrated by the intracardiac phonocardiogram (Resnekov & Somerville). 694, *P.*
Clubbing, finger, digital blood flow in, calorimetric study (Arab). 677
Coarctation, aortic, problem under age of one year (Bonham-Carter & Waterston). 695, *P.*
—— —— effect of reserpine (Actis-Dato & Giorgi). 343
Colitis, phlegmonous, death from, complete healing of dissection of aorta: case report (Kellaway). 532
Conduction, ventricular, phasic aberrant (Schamroth & Chesler). 219
Congress, cardiology, Fourth World (Watson). 262
—— —— Fourth European, announcement. 696, *P.*
Contraction, ventricular, synchronicity, hæmodynamic effects of atrial and ventricular pacing (Gilmore). 299
Contrecoup, cardiographic, in course of cardiac infarction (Evans). 713
Cor triloculare biatriatum, one case: case report (Penman & Whitty). 141
Coronary, *see* specific headings, e.g., Arteriography
Curves, dye dilution, dynamic method for calibration (Emanuel & Norman). 308
—— dilution, ascorbate, amperometric technique for recording, and for blood flow pulses (Nixon *et al.*). 173
—— indicator dilution, in atrial septal defect (Samet *et al.*). 191
Cyst, hydatid, ventricular, rupture, constrictive pericarditis following: case report (Halliday *et al.*). 821

Defect, atrial septal, indicator dilution curves in (Samet *et al.*). 191
—— —— —— P wave in (Sánchez-Cascos & Deuchar). 202
—— —— —— prognosis of transposition of great vessels with and without (Shaher). 211
—— —— —— three in one patient: case report (Sutherland). 267
Dehydrogenase, serum α-hydroxybutyrate, new test for myocardial infarction (Rosalki). 795
Deviation, left axis, and left ventricular preponderance in cyanotic congenital heart disease (Shaher). 726
Dextrocardia, isolated, mode of inheritance (Campbell). 803
Diastole, phases in various syndromes of mitral valvular disease (Nixon & Wooler). 393
Dilatation, of left atrial appendage (Williams). 637
Dye dilution curves, *see* Curves

Effusion, pericardial, massive, with cholesterol crystals treated by pericardectomy: case report (Griffin & Swan). 825
Electrocardiography, changes at high altitude (Milledge). 291
—— in cardiomyopathy (Hollister & Goodwin). 357
—— deflection during the first week of life (Walsh), 784
—— of mitral restenosis (Demerdash & Goodwin). 474
—— normal infant (Scott & Franklin). 441
—— observations during and after anoxic arrest for open heart surgery (Amarasingham *et al.*). 560
—— in single ventricle (Shaher). 465
—— studies in patients with an artificial pacemaker (Johansson). 514
Electrolytes, content of extracellular fluid in health and in congestive heart failure (Flear & Hughes). 166
Embolism, aortic, due to myxoid tumour associated with myocardial calcification: case report (Guthrie & Fairgrieve). 137
—— and intracardiac thrombosis in endocardial fibrosis in Uganda (Shaper & Wright). 502
—— *see also* Infarction
Emetine, effects on myocardium (Turner). 81
Emphysema, effect of intermittent positive pressure breathing on pulmonary circulation (Daly & Duff). 47
Endocarditis, bacterial, surgical correction of mitral incompetence resulting from (Barratt-Boyes). 415
—— rheumatic mitral, clinical pathology (van der Spuy). 763
Endomyocardium, ventricular, changes after impairment of cardiac lymph flow in dogs (Miller *et al.*). 182

Failure, cardiac, congestive, electrolyte content of extracellular fluid in (Flear & Hughes). 166
Fallot's tetralogy, *see* Tetralogy
Fibrillation, atrial, following mitral valvotomy, prognosis (Bloom). 595
—— polyuria in, and in paroxysmal tachycardia and paroxysmal atrial flutter (Wood). 273; footnote (Campbell). 689

Fibrosis, endomyocardial, in two brothers (Adi). 684
—— —— intracardiac thrombosis and embolism in Uganda (Shaper & Wright). 502
—— —— of right ventricle, function of heart in (Parry & Abrahams). 619
Filling, ventricular, left, pressure gradient in mitral incompetence (Nixon & Wooler). 382
Flow, blood, digital, in clubbed fingers, calorimetric study (Arab). 677
—— —— *see also* Pulses, blood flow
—— lymph, cardiac, impairment, ventricular endomyocardial changes after (Miller *et al.*). 182
Fluid, extracellular, electrolyte content in health and in congestive heart failure (Flear & Hughes). 166
Flutter, atrial, post-stimulatory, mechanism, dog (Sharma). 630
—— —— paroxysmal and fibrillation, and paroxysmal tachycardia, polyuria in (Wood). 273; footnote (Campbell). 689
Fourth European Congress of Cardiology, announcement. 696, *P.*
—— World Congress of Cardiology (Watson). 262

Habitus, body, age, and sex, influence on mean QRS electrical axis, in childhood and adolescence (Wershing *et al.*). 601
Hæmodynamic basis of acute pressor reactions and hypertension (Brod). 227
—— changes in chronic constrictive pericarditis during exercise and histamine infusion (Lindell *et al.*). 35
—— effects of atrial and ventricular pacing (Gilmore *et al.*). 299
—— —— with methyldopa: effect on cardiac output and response to pressor amines (Dollery *et al.*). 670
—— —— of obstructive cardiomyopathy (Cohen *et al.*). 694, *P.*
Heart disease, apex cardiogram in (Coulshed & Epstein). 697
—— —— cyanotic congenital, left ventricular preponderance and left axis deviation in (Shaher). 726
—— —— —— correlation of intracardiac pressure and præcordial movement (Dimond & Benchimol). 389
—— —— —— effect of androsterone with ethyl-p-chlorophenoxy-isobutyrate ("atromid") on (Carson *et al.*). 693, *P.*
—— —— —— in India (Vakil). 283
—— direct recording of sounds and pressures within (Barritt & Davies). 549
—— enlargement in myxœdema, factors associated with (Aber & Thompson). 421
—— failure, *see* Failure, cardiac
—— function, in endomyocardial fibrosis of the right ventricle (Parry & Abrahams). 619
—— rate, artificial alteration, physiological effects and clinical application (Sowton). 693, *P.*
—— sounds, *see* Sounds
—— volume, *see* Volume
Hydatid cyst, *see* Cyst, hydatid
Hypercholesterolæmia, failure of MER-29 treatment (Jose & Peak). 133
Hypertension, and acute pressor reactions, hæmodynamic basis (Brod). 227
—— effect on P wave of electrocardiogram (Ross). 460
—— hæmodynamic studies with methyldopa (Dollery *et al.*). 670
—— pulmonary, experimental (Van Bogaert & Tosetti). 771
—— and renal artery stenosis, caused by primary arteritis of aorta (Danaraj *et al.*). 153
Hypertrophy, right ventricular, and small pulmonary arteries in chronic lung disease (James & Thomas). 583
Hypothyroidism, effect of treatment of on circulatory response to adrenaline (Leak & Lew). 30

Incompetence, mitral, left ventricular filling pressure gradient (Nixon & Wooler). 382
—— —— retrograde left ventricular cardioangiography in diagnosis (Gray *et al.*). 145
—— —— resulting from bacterial endocarditis, surgical correction (Barrett-Boyes). 415
—— —— *see also* Valvular disease, mitral
India, ischæmic heart disease (Vakil). 283
Indicator dilution curves, *see* Curves
Infant, normal, electrocardiographic studies (Scott & Franklin). 441
Infarction, cardiac, cardiographic contrecoup in course of (Evans). 713
—— —— long-term survival with and without anticoagulants (Jackson). 696, *P.*
—— myocardial, serum α-hydroxybutyrate test for (Rosalki). 795
—— —— in southern Rhodesia (Shee). 25
—— —— value of resuscitative measures in sudden death from (Semple *et al.*). 696, *P.*
—— *see also* Embolism
Inheritance, mode, in isolated lævocardia and dextrocardia and situs inversus (Campbell). 803
Interval, 2-OS, and the apex cardiogram (Legler *et al.*). 246
Investigation, cardiac, complications (Venables & Hiller). 334
Ischæmic heart disease, *see* Heart disease

Lævocardia, isolated, mode of inheritance (Campbell). 803
Lesions, myocardial, and coronary artery disease, relations between, patients with massive cardiac necrosis or scarring (Mitchell & Schwartz). 1
Lung, pulmonary vascular bed, vasomotor tone in patients with left-to-right shunts (Auld *et al.*). 257
—— disease, chronic, small pulmonary arteries in, and right ventricular hypertrophy (James & Thomas). 583
Lymph flow, *see* Flow

MER-29, in treatment of atheroma (Jose & Peak). 133
Methyldopa, hæmodynamic studies: effect on cardiac output and response to pressor amines (Dollery *et al.*). 670

Mitral, *see* specific headings
Mitral regurgitation, *see* Incompetence, mitral
Movement, præcordial, and intracardiac pressure, correlation in ischæmic heart disease (Dimond & Benchimol). 389
Murmurs and sounds, in transposition of the great vessels (Wells). 748
—— systolic, in healthy children, auscultatory and phonocardiographic findings (Leatham *et al.*). 451
Myocardium, effects of emetine on (Turner). 81
—— *see also* Lesions, myocardial
Myxœdema, cardiac enlargement in, factors associated with (Aber & Thompson). 421
Myxoma, atrial, left, aortic embolism due to, associated with myocardial calcification: case report (Guthrie & Fairgrieve). 137

Necrosis, cardiac, *see* Lesions, myocardial

Œdema, mechanism, in severe chronic anæmia (Sanghvi *et al.*). 89
Open-heart surgery, anoxic cardioplegia for, electrocardiography (Amarasingham *et al.*). 560
—— —— and cigarette smoking (Irving and Yamamoto). 126
—— —— effect of methyldopa on (Dollery *et al.*). 670

P wave, *see* Wave
Pacemaker, artificial, electrocardiography in patients with (Johansson *et al.*). 514
Pacing, atrial and ventricular, hæmodynamic effects (Gilmore *et al.*). 299
Pericarditis, constrictive, chronic, hæmodynamic changes in, during exercise and histamine infusion (Lindell *et al.*). 35
—— —— following rupture of a ventricular hydatid cyst: case report (Halliday *et al.*). 821
Phonocardiograms, in healthy children with systolic murmurs (Leatham *et al.*). 451
—— intracardiac, additional pulmonary valve closure sounds caused by the catheter and demonstrated by (Resnekov & Somerville). 694, *P.*
Polyuria in paroxysmal tachycardia and paroxysmal atrial flutter and fibrillation (Wood). 273; footnote (Campbell). 689
Post-cardiotomy syndrome, *see* Syndrome
Posture, effect on added heart sounds (Rodin & Tabatznik). 69
Pre-excitation, ventricular, type B, and right bundle-branch block, association (Robertson *et al.*). 755
Prednisone, in treatment of Adams-Stokes attacks (Verel *et al.*). 709, 693, *P.*
Preponderance, left ventricular, and left axis deviation in cyanotic congenital heart disease (Shaher). 726
Pressor reactions, acute and hypertension, hæmodynamic basis (Brod). 227
—— *see also* Amines.
Pressure(s), and sounds, intracardiac direct recording (Barritt & Davies). 549
—— intracardiac, and movement, præcordial, correlation, in ischæmic heart disease (Dimond & Benchimol). 389
Pseudotruncus arteriosus, and Fallot's tetralogy, unusual longevity, two cases (Bopp *et al.*). 735
Pulmonary, *see* specific headings, e.g., Atresia, except
Pulmonary vascular bed, vasomotor tone in patients with left-to-right shunts (Auld *et al.*). 257
Pulse(s), aortic, *see* Pulse, carotid
—— arterial pressure, in muscular subaortic stenosis (Wigle). 97
—— blood flow, amperometric technique for recording (Nixon *et al.*). 173
—— brachial, *see* Pulse, carotid
—— carotid, diagnosis of aortic stenosis by external recordings (Robinson). 51
—— —— relation of external recordings to carotid, aortic, and brachial pulses (Robinson). 61

Regurgitation, mitral, *see* Incompetence, mitral
Reserpine, effect in coarctation of aorta (Actis-Dato & Giorgi). 343
Restenosis, mitral, cardiogram (Demerdash & Goodwin). 474
Resuscitation, cardiac, value in sudden death from myocardial infarction (Semple *et al.*). 696, *P.*

Scarring, cardiac, *see* Lesions, myocardial
Septum, interventricular, perforation, with survival for five years, case report (Albagli & Eshchar). 536
—— —— tuberculoma, case report (Pomerance). 412
—— ventricular, intact, with pulmonary atresia (Elliott *et al.*). 489; case report (Egenberg). 540; radiological aspects (Kieffer & Carey). 655
Sex, age, and body habitus, influence on mean QRS electrical axis, in childhood and adolescence (Wershing *et al.*). 601
Shunts, amyl nitrite-induced changes in (Cumming). 525
—— left-to-right, vasomotor tone in the pulmonary vascular bed (Auld *et al.*). 257
Situs inversus, mode of inheritance (Campbell). 803
Smoking, cigarette, and cardiac output (Irving & Yamamoto). 126
Sounds, heart, added, effect of posture (Rodin & Tabatznik). 69
—— and murmurs, in transposition of the great vessels (Wells). 748
—— and pressures, intracardiac, direct recording (Barritt & Davies). 549
Southern Rhodesia, myocardial infarction (Shee). 25
Stenosis(es), aortic, diagnosis by external recordings of carotid pulse (Robinson). 51
—— —— and supravalvar pulmonary, coexisting, case report (Watson). 817
—— mitral, arterial patterns (Aber *et al.*). 109

Stenosis, mitral, assessing severity, case for ignoring symptoms (Short & Brunnen). 695, *P.*
—— —— with extreme pulmonary vascular resistance, valvotomy in (Emanuel). 119
—— —— *see also* Valvular disease, mitral
—— pulmonary valve, operation results (Oakley & Braimbridge). 695, *P.*
—— renal artery, and hypertension, caused by primary arteritis of aorta (Danaraj *et al.*). 153
—— subaortic, muscular, arterial pressure pulse in (Wigle). 97
Stokes-Adams attacks, *see* Adams-Stokes attacks
Syndrome, middle aortic (Sen *et al.*). 610
—— post-cardiotomy, immunological studies (Brigden & Robinson). 692, *P.*

Tachycardia, paroxysmal, and abnormal P waves (Davies & Ross). 570
—— —— and paroxysmal atrial flutter and fibrillation, polyuria in (Wood). 273; footnote (Campbell). 689
Tetralogy, Fallot's, complete correction, clinical state of 33 patients (Gotsman & Subramanian). 694, *P.*
—— —— and pseudotruncus arteriosus, unusual longevity, two cases (Bopp *et al.*). 735
—— —— pulmonary components of second heart sound (Tofler). 509
Thrombosis, intracardiac, and embolism in endomyocardial fibrosis in Uganda (Shaper & Wright). 502
Tissue, electrically dead, in left ventricular wall, theoretical effect (Grosgurin & Duchosal). 106
Transposition, complete, great vessels, coronary circulation (Shaher). 481
—— of great vessels, diagnosis (Honey). 313; syndromes (Shaher). 431
—— —— —— —— prognosis with and without atrial septal defect (Shaher). 211
—— —— —— —— sounds and murmurs in (Wells). 748
Triparanol, *see* MER-29
Trunk, pulmonary, *see* Vessels, great
Tuberculoma of the interventricular septum, case report (Pomerance). 412
Tumour, myxoid, *see* Myxoma

Uganda, intracardiac thrombosis and embolism in endomyocardial fibrosis (Shaper & Wright). 502

Valve, pulmonary, closure, *see* Closure
Valvotomy, mitral, atrial fibrillation following, prognosis (Bloom). 595
—— in mitral stenosis with extreme pulmonary vascular resistance (Emanuel). 119
Valvular disease, mitral, phases of diastole in various syndromes of (Nixon & Wooler). 393
—— —— —— pulmonary diffusing capacity in (Reid & Stevenson). 741
—— —— —— *see also* Stenosis, mitral; Incompetence, mitral
Valvuloplasty, aortic, clinical survey of 20 patients submitted to (Cronin *et al.*). 663
Vascular disease, thrombo-obliterative, of early onset and long duration: case report (Choa *et al.*). 814
Vasomotion, pulmonary artery, angiographic evidence, dogs (Hirschman & Boucek). 375
Vena cava, inferior, isolated drainage to left atrium: case report (Venables). 545
—— —— persistent left superior, with bilateral azygos system in an adult: case report (Glasgow). 264
Ventricle, left, isometric relaxation, and apex cardiogram (Legler *et al.*). 246
—— right, endomyocardial fibrosis of, heart function in (Parry & Abrahams). 619
—— single, electrocardiogram (Shaher). 465
Ventricular, *see* specific headings, e.g. Defect, Hypertrophy
Vessels, great, transposition, complete coronary circulation (Shaher). 481
—— —— —— corrected diagnosis (Honey). 313; syndromes (Shaher). 431
—— —— —— prognosis, with and without atrial septal defect (Shaher). 211
—— —— —— sounds and murmurs (Wells). 748
Volume, heart, radiological determination (Domenet *et al.*). 575

Waldenström's disease, arteriopathy (Robinson). 270
Wave, P, abnormal, and paroxysmal tachycardia (Davies & Ross). 570
—— —— in atrial septal defect (Sánchez-Cascos & Deuchar). 202
—— —— duration, and P–R interval during first week of life (Walsh). 42
—— —— effect of hypertension (Ross). 460
—— pressure, form in pulmonary artery (Shaw). 347
